

WHO STOLE MR MURPHY'S BROMPTON BIKE??

It emerged at DSTC someone has stolen Mr Murphy's bike on Thursday 18th March. We have been told that Mr Murphy has left his bike in Mrs Quan's and Mr Coleman's office. There are 6 suspects during this incident which are...Mr Murphy, Miss Burgees, Mrs Essex, Mr Essex, Mr Cordier and Mrs Quan. But at the moment we don't know why they have stolen his bike.

In the morning as Mr Murphy entered the school he took his bike to Mrs Quan's and Mr Coleman's office he found Mrs Quan in her room and asked her if he could leave his bike with her and asked her "It won't be stolen will it?" and she said "No." As Mr Murphy left his bike he exited the room happily with his joyful smile on his face. As it started falling night Mr Cordier was about to leave the school when he suddenly heard the fire alarm go off! And rushed to investigate what it was but as Mr Cordier didn't know he passed the room where the incident happened he looked around but didn't see anything or hear anything. As now everyone in the school they are investigating who has stolen Mr Murphy's bike.

During this incident which happened we have interviewed some people from the suspect list of the crime scene. Our first suspect was Mr Jordan these are the questions we asked him, When was the last time you saw Mr Murphy on the exact day? When this incident happened did you see anyone near Mrs Quan's office? Was anyone in the office when Mrs Quan or Mr Cordier left? Have you seen anyone suspicious or acting strange during this incident? Was there anyone holding something or using something which was there in Mrs Quans office? As we asked him all the questions all he said was "I was sleeping in my office because I got kicked out of my house as I didn't pay my rent." He also said "I saw Mrs Quan acting strange and she bought a new IPAD" he thought to himself where did she get the money from?

In my opinion this incident carry's a lot of suspects. Whoever stole the bike has left notes, finger prints and foot prints which makes this crime scene more suspicious. The main question is who has stolen Mr Murphy's bike?
