### Science week

In science this week year 7&8  
Have been looking at the investigation of Mr  
Murphy bike, also on Thursday and Friday year  
7 went to Dartford girls grammar for a science  
fair.

With the Mr Murphy bike investigation the  
crime took place in Miss Quan's and Mr Cole-  
man's office on Friday 15th at 5pm. we have  
had news about a note being found saying if  
you want your beloved bike back pay £3000 in  
a plain envelope and leave it under the sink in  
sc1 by 8pm Wednesday 27th march. We have  
six suspect's

- Mr murphy (head teacher) did not have access to the office and left the school premises for a conference meeting at 3:00pm. however, he did have an argument with Mr Cordier the day before his bike was stolen.
- Mr Cordier s the school caretaker and is around the school grounds when the school is empty of other people, early in the and late at night.
- Mr Essex & Mrs Essex have been working at the school for nearly 20 years and have always been loyal staff members at the school.
- Mrs Burgess, the vice principal was known to have a real passion for collecting little ornaments for her office. She was extremely annoyed when she heard that Mr murphy was having his office renovated and refused to do the same for her office.
- Miss Quan has access to her office and of course knew that Mr murphy bike was stored there. No real known motive but she did once complain about being underpaid and loves to play jokes on members of staff

# STOLEN

*Who stole Mr murphy  
bike do you know ?*

We interviewed miss Quan and asked her some hard questions

How did you feel about the robbery?

*I can't believe it*

Who did you think done it?

*Mr Cordier*

What do you think of science week

*I thought science week was a lot of fun. I love most seeing all the students faces so happy .*
